Product and Services

Entrepreneurs Point offers a solution to the homemaker, startup, Entrepreneur, and businesses seeking to save time and resources by focusing on their core business area and saving the business set-up cost. Whether you are a start up, entrepreneur, or large corporate, we take off the pressure by offering furnished offices, with call and administrative support services. Our products and services allow our customers to use their talents effectively on other business areas to create revenue while we manage the backend operations.

Product / Service Features

Clients can relax and be productive in a professional working environment instead of a general internet cafe or hotel meeting room. Clients can work on-site and off-site, or work in-transit while all businesses go on unhindered with the support of our back office team.

- Carry out day-to-day business activities in an equipped private office available by the hour or the day
- Enjoy internet access, administrative support, and refreshments in a professional environment
- Take advantage of preferred rates on professional meeting rooms and video conferencing

Offices

Office space on your terms, for days, months or years.
